

## NIGHT RODEO ADDED TO JULY 4TH PROGRAM

### Harvest Getting Under Way In County

#### FARMERS ARE PLEASED WITH GOOD OUTLOOK

First Wheat Cut Is Yet Too Green—Cutting in Full Blast By First of Week

#### QUALITY IS FINE

Heavy, Well Filled Heads Breaking Stalks of the Early Wheat Over Randall County

The first wheat cut this harvest was by Eddie Mahler in the Wayside community. The wheat was too green when delivered at the elevator in Happy.

G. J. Bonds of the Jowell community plans to start cutting tomorrow.

Other farmers state that harvest will be on in full blast by the first or middle of next week if conditions continue favorable.

Those who have carefully examined the wheat state that it is the best quality that has been raised for a number of years. The heads are well filled, and the grain is good. It looks like the test would run very high over the county.

Farmers with good wheat are hoping that no rain will come or high winds will hit until after the wheat has been harvested. The early wheat is practically ready to cut, and many farmers state that the heads are so heavy that the stalks have fallen in sections of the county. The late wheat is not so far advanced.

Estimates for the wheat over the county continue to rise as favorable weather rapidly develops the crop.

#### W. H. Younger, Jr. Died Tuesday After Illness Two Months

W. H. Younger, Jr., 39, superintendent of the Tulsa public schools, died Tuesday afternoon at Hot Springs, N. M. He had been ill since the first of May, and was at Hot Springs for treatments during the past month.

Mr. Younger graduated from the Canyon Schools, and received his degree from W. T. He was head of the Ex-students Association a few years ago. His father, the late Rev. W. H. Younger, served as a Baptist Missionary preacher while the family lived in Canyon.

Mr. Younger has been superintendent of the Tulsa schools for the past 12 years and was exceptionally successful in his school work. During the world war he was captain in the field artillery. Surviving is his wife and two daughters, Arlene and Virginia; four brothers, M. C. Younger of Hobbs, N. M., Fuqua Younger of Dumas, D. H. Younger of Clayton, N. M., and Oakes Younger, who is in Old Mexico.

#### Woods Unable To Lecture This Week—Elwell Takes Place

C. M. Elwell of Austin, State Director of Information and Statistics of the State Department of Education, is lecturing this week at the College on School Laws and Texas School Finances.

Mr. Elwell is substituting for State Superintendent L. A. Woods, who was scheduled to appear on this week's program at W. T., but was unable to leave his office because of business.

Mr. Elwell spoke Tuesday evening at the Chapel program at the College and lectured yesterday and today. Deputy State Superintendent J. D. Wilson will lecture on State School Organization and Supervision, Friday and Saturday.

#### WPA Gives Extension For Completed Plans

Present Projects Will Take Care of Men Until Sept. 1—Dining Hall For Farm

WPA officials have extended the time for the submission of new projects. Closing time was set for last Saturday night, but it was found that the time was too short for the completion of complete details on new projects, hence the extension.

Frank Harrison, project superintendent, states that WPA has sufficient work on the present projects to keep the men busy until the first of September. However, WPA urges that all new projects be completed in detail as quickly as possible and that they be submitted so that presidential approval may be received before the first of September.

It is planned to do the topping of all streets on the campus the last two weeks in August. At the same time topping will be done on Fourth Avenue so far as the widening has advanced. It is desired to complete the street work of the campus before the opening of the fall session of W. T.

Mr. Harrison urged that those sponsoring new projects work up the details as rapidly as possible and get them submitted. The new projects must first be approved by the district office in Amarillo. (Continued on last page)

#### Texas Relief Will Come to Close On the First of July

Texas has spent the \$20,000,000 bond issue on relief, and on the first of July will bring this work to a close.

Final reports have been made in the local office of the relief commission, and those who are unable to be taken over by WPA must be cared for by the county in the future.

Surplus commodities, furnished by the federal government, will continue to be distributed to those on direct relief the same as given to WPA workers.

According to the records in the local office, during the past month the following surplus commodities have been distributed:

419 cans of beef.  
75 cans of veal.  
1464 cans of vegetables.  
717 pounds of onions.  
31 sacks of flour.  
622 garments, in various kind of clothing.

At the present time 91 families are receiving these commodities, having a total of 393 persons.

#### Education Survey Is Started Under Supervision of Carruth

Supt. Irby Carruth has started the educational survey in 20 Panhandle counties which will continue for 30 or 40 days. He is directing the work in all of these counties, and has a force of 40 people working on the details.

The survey includes the establishment of present boundary lines for all school districts, survey of the buildings and equipment, and information regarding the teachers employed.

The survey is being made as a federal project under the direction of the state education department.

**ATTENDED UNCLE'S FUNERAL**  
Mr. and Mrs. Grady Oldham went to Oilton to attend the funeral of his uncle, John Jefferies, who died Monday after being prostrated by the heat.

Mr. Jefferies was 71 years of age, and a brother of Mrs. R. G. Oldham.

#### CAR SALES

V. Littlefield, Plymouth coupe.  
J. J. Fogarty, Plymouth coupe.  
Transfers were made during the week on 7 used cars.

#### Vets Get Checks As Bonds Are Returned to Dallas

The first bonus checks were returned to Canyon Saturday. These were in payment of the bonds which had been shipped back to Dallas last Monday by ex-service men who desired to cash their baby bonds.

Bonds have been received thru-out the week until it is believed that practically all ex-service men have received their bonus pay.

After the bonds were certified at the postoffice and returned to Dallas, checks were mailed by the Dallas postmaster directly to the veteran for the amount of the bonds.

#### Expenses Candidates Must Be Filed With County Clerk Today

Today is the first day for filing the first expense account of candidates for public office. The candidates have 3 days in which to file this first account. The second expense account must be filed July 13, and the final expense account for the first primary on July 27.

All candidates who had filed for places on the primary ballots paid their assessments by Saturday, and all names will appear on the official ballots.

The first appearance of all candidates in Canyon will be July 4th. A loud speaker has been provided so that voters may hear the candidates distinctly as they talk to the people.

Mr. and Mrs. T. E. Allen and son of Memphis spent the week end at the parental C. O. Cooper home.

Miss Carrie Virginia Bradley of Houston is visiting at the home of Mr. and Mrs. L. F. Sheffy.

#### Museum Plans Are Taken To Austin by Hill

Board of Control Expects to Let Contract at an Early Date—Basement Almost Complete

The Board of Control will let a contract for construction of the basement of the Museum addition as soon as the plans are reviewed. Dr. J. A. Hill took the plans to Austin and was assured Saturday that bids would be called for at an early date.

Excavation of the basement will be completed by WPA soon after the first of July, according to the present schedule of work.

J. D. Hall of the Board of Control will be here Tuesday and Wednesday to review the budget of W. T. for the coming two years which has been approved by the Board of Regents. This budget will be presented to the Board of Control soon after the State Board of Education has its hearings on July 13th.

#### Weekly Distribution of Cash Next Held on Saturday, July 4th

A larger crowd was in Canyon yesterday afternoon for the weekly distribution of cash given by 40 business houses through the Chamber of Commerce.

The next distribution will be on Saturday, July 4th, when \$50 will be distributed to the citizens of the county.

Merchants participating in this weekly affair have decided to continue the weekly distribution on Saturdays in the future instead of on Wednesday.

Mrs. Edward Bowen and daughter and Mr. and Mrs. Levi Cole spent Sunday in the parental F. C. Cole home at Lockney.

#### 907 Farms Listed In County--93 Increase

#### July 6th First Day on Which to Vote Absentee

Voters who will be out of the county on July 25th for the first primary, or who are sick and unable to go to the polls may cast an absentee ballot. The first day for which these ballots may be cast is July 6th.

Those who go to the office of the County and District Clerk will not be required to pay any expense for casting such a ballot. Those who require a ballot mailed to them are required under the law to pay 15 cents to the clerk for the expense of handling the absentee ballot.

#### Earthquake Rocks Buildings in Panhandle Friday p. m.

An earthquake shock was felt in the Panhandle Friday night at 9:25 o'clock. Citizens who were around buildings distinctly felt the shock. Most of them were of the opinion that an explosion had occurred, and many called telephone operators to find out if there was an explosion.

Those who were in cars, or away from buildings did not feel the shock.

The heaviest shock was thought to be centered north of Amarillo. No cause could be assigned to the quake, but many are of the opinion that the oil and gas field had something to do with the shock. No damage was done in any section.

This is the first shock felt in this section in many years.

Mrs. G. R. Reid returned last week from a two weeks' visit with relatives and friends in Dallas and Fort Worth. She attended the Centennial exposition before returning home.

#### Protest Against Census Count Is Verified By Records Turned in By Committeemen

There are 907 farm work sheets on file in the office of County Agent W. H. Upchurch, indicating the number of farms in the county.

This is an increase of 93 farms above the number which was secured last year in the farm census taken by the government. At that time a protest was made by citizens that the enumerators were not getting all of the farms. The county was credited with 814 farms, showing a decrease from the previous census.

Mr. Upchurch believes that 99% of the acreage in Randall county is accounted for on the work sheets now on file. There are possibly 920 or 925 farms in the county, since a small number of farmers have refused to enter into an agreement with the government on the new agricultural program.

The work sheets are the most certain index of conditions in the county since they are approved by the local committees in districts covering the entire county. Such land as not covered by these sheets is well known to the local committeemen.

#### Canyon Defeated Wolfen Team Here Sunday Afternoon

The Canyon golf team defeated the Wolfen club on the local grounds Sunday afternoon 47½ to 42½.

Canyon players who won were: Mark Foster, W. E. Lockhart, Ross Craig, Carl Scott, Lee Foster, Bill Smith, Ray Campbell, Hud Pritchard, C. H. Needham, Seth Robbins, Dan Sanders, Les Key, Patsy Britain, D. Mickie, Leo Duflot, and Frank Harrison.

Canyon players who lost were: T. V. Reeves, Don Savage, Ed Mickie, Joe Duflot, R. A. Terrill, Andy Walsh, O. W. Cano, T. S. Furlow, Stewart Mahle, Bob Price, W. H. McIntyre, Lloyd Childers, and Ed Brooks.

Lee Foster shot the lowest score of the afternoon, 74; W. H. McIntyre had the highest, 116.

#### Interesting Subjects Will Be Discussed By Speakers This Week

A large number of interesting subjects are scheduled for the coming week at the summer session of W. T.

The following is the schedule:

June 26—W. Mitchell Jones, "Recreation Centers," Room 202, 9:00-10:30 a. m.  
June 27—Marvin Paul, "Scouting," Room 202E, 9:00-10:30 a. m.  
June 28—J. D. Hall, "Curriculum in Social Studies," "Teaching of the Social Studies," General Lectures, Room 201, 1:30-3:00 p. m.

June 29—July 4—Superintendent J. R. Humphrey, School Law and Personnel, Room 103E, 7:00-9:00 a. m.  
June 30—Red Cross Organization, Department of Physical Education, Room 202E, 9:00-10:30 a. m.

#### Big Rodeo Under Buffalo Field Lights Will Bring the Best Performers of This Section

A night rodeo was added to the list of attractions for the Fourth of July Tuesday when W. A. Warren, president of the Chamber of Commerce, and Coach Al Baggett closed a deal with Red Myrick of Amarillo to put on a big show at Buffalo Field. The night rodeo has proven to be the most successful feature for a number of towns, as the crowds avoid the blistering heat of the afternoon's sun. The performers are able to do a better job at night in their performance.

Mr. Myrick will bring a big bunch of calves for roping, steers for riding, and the wildest bunch of horses there is in the Panhandle.

Red Myrick and his Wonder Horse will be a real feature for the night's performance. The climax of their performance will be the rescue scene, which has been called the greatest feat any rodeo performer has ever put on with his trained horse. In this act both Red and his horse fall at two different times, tangling up like they were dead. Other performers who have attempted acts like this, fall apart from the horse in order to avoid the risk of being injured by the horse in the fall. Red has all the confidence in the world in his horse in making this fall.

Mr. Warren announces that the (Continued on last page)

#### Crowd at Palo Duro Less Than Half Attendance Last Year

Attendance at the Palo Duro State Park has been cut more than half this spring since the increased gate fee was put into effect. 256 cars entered the Park last week as compared with 583 the same week of last year.

So far as dollars and cents are concerned, the Park collected a little more money by the increased prices in spite of the low attendance. Money collected last week amounted to \$188.24, as compared with \$165.50 collected for the same week of last year.

Few local people are entering the Park since the prices were advanced. Only 46 cars came from Amarillo and 8 from Canyon. Last year the attendance from Amarillo averaged about 150 cars each week, while Canyon usually furnished 25 to 40 cars. On a large portion of the cards returned by the visitors, a protest was written against the high gate fees. Attendance from other towns last week was: Dallas 12 cars; Lubbock 10; Pampa 9; Borger and Wichita Falls 8; Plainview and Claude 7; Happy, Houston and Fort Worth 4; Hale Center 3; 1 and 2 cars from 47 other Texas towns.

The attendance from out of the state was light this week, 51 cars coming from 20 states.

#### Park Board Will Come Sunday Afternoon on Short Visit

Members of the Texas State Parks Board were unable to make the trip this week to the Panhandle, but are planning to reach here next Sunday afternoon. The Board will spend the night at the Park.

A business session will be held Monday morning at the office of Supt. Wm. Anderson.

Miss Leneva Barron of Lamesa, grand daughter of Mrs. G. R. Reid, will visit in Canyon, Amarillo and Pampa for several weeks.

Judge Fischer spoke here Thursday morning in his campaign for Governor. The Judge set up a straw man, and then proceeded to tear him to pieces. His straw man is old age assistance. His claim is that the people voted for old age pensions to go to every person 65 years of age regardless of their financial condition. If the Judge will dust off his law book he will read regarding this old age assistance. "The legislature shall have the power by general laws to provide under such limitations and restrictions and regulations as may be deemed by the legislature expedient," etc. Any one who can read the English language will certainly understand that the legislature has the power to limit the number who would receive this assistance. If the legislature and Governor has been foolish enough to make the pensions apply to each and every person 65 years of age, they would have been and should have been most soundly denounced from one end of the state to the other for wasting the state's revenues. Judge Fischer would give every person of the required age a pension; would reduce taxes on gasoline, automobiles, real estate, and soak big business to make up the difference. Does Judge Fischer really believe in his unworkable program, or is he just kidding the voters?

The Townsend, Coughlin, Long crowd threaten to organize a third party and put out its own ticket. Representative Lemke beat them to it by announcing his candidacy on the Union Party ticket. Whether the Townsend, Coughlin, Long factions will accept Lemke remains to be seen. This faction claims to control 20,000,000 votes, which is more than half the number cast in the last presidential election. However, if they really controlled 5,000,000 votes and could handle their followers in crucial states, they could dictate the election as between Roosevelt and Landon. This is not a third party nation. Teddy Roosevelt tried it one time, and the best he could do was elect

Wilson. The third party might deceive the people to such an extent as to cause the defeat of Roosevelt, but they would be in worse shape than they would in his election. Naturally the party in power suffers the largest loss in a third party revolt. The Democratic party has always shown itself to be a friend of the masses, while the Republicans were throwing their influence to the classes. Incidentally, what are the third party followers going to do about the Texas primary on July 25th? Those who connect with this group certainly are no longer Democrats, and must swear a falsehood if they vote in the Democratic primary.

Librarians state that the number of readers in the public libraries is a good index to the economic condition of a nation. When times are tough, people read more because they have more leisure. It is stated that the national per capita withdrawal of books from the public libraries in normal times is four annually. During the depression this increased to six volumes annually. The withdrawal has now dropped to five, indicating that the nation has travelled about half way back to normalcy, or else people who acquired the reading habit are styling with it. Considering the thousands of people who do not use the public libraries under any circumstance, the reading of four to six good books per year as a national average is a good omen. It means that there are millions who read 50 or more books annually in order to bring up this national average. A good public library is a real asset to any community.

A college professor in one of the largest institutions in Texas recently asked his class to list in order of importance the social institutions of today. With hardly an exception, the motion picture was placed at the head of the list in this large class of students. The home and school were formerly considered as leading social institutions, but according to the students these had been relegated to minor places. Few of the students listed the churches as real social institutions now, whereas a few years ago the churches were considered by many as being the major social institutions. The students classified these institutions according to their own feelings, and according to their observation in the various sections of the state. Asked to criticize the various social institutions, the students observed that in spite of its leadership, the movie was teaching the people life as it should not be lived, rather than having a constructive influence.

A slip of the typewriter sometimes causes embarrassment. The News often makes mistakes which causes the face to turn red in wonderment. Last week in referring to the school band, the mistake was made in calling it the "grade" school band, instead of the public school band. Of course any student who has passed from the grade school into the high school resents very much being classified as a grade school student, especially when the student is to assume the dignified role of a senior next year. The band is a fine institution, made up of musically minded boys and girls from both the high school and grades, and these fine young people are to

be congratulated in staying at their work through the summer months in order to make a better organization for the coming year. The people of Randall County are looking forward with pleasure to their concert in Canyon on July Fourth.

Efficiency in public office is one thing that the public continues to howl about, but there is always a class of citizens who wish to turn out the efficient office holder as soon as he shows himself worthy of his position. The News is going to support a number of candidates this year who have shown themselves worthy through their long tenure of public office. We are for Morris Sheppard for United States Senator; James V. Allred for Governor; Ernest O. Thompson for Railroad Commissioner; George Sheppard for Comptroller; Charley Lockhart for State Treasurer; L. A. Woods for State Superintendent; Marvin Jones for Congress; Clint Small for State Senator. These are all good men, true and tried, working for the benefit of the people. Experience counts more than promises, or veiled insinuations by those who would like to oust men who are making good.

If you want to have an inexpensive holiday celebration, come to Canyon on July Fourth. The court house lawn offers as fine shade as you will find any place in the country. The entertainment program will be complete enough to please all who come. The expense will be so small that those who come will go away praising the foresightedness of Canyon merchants in providing such a day. Let all citizens of Randall county come to Canyon for the day. The political speaking in the afternoon, with the loud speaking equipment, will be a real feature. Many interesting events will take place during the day which the people of the county will greatly enjoy. Come to Canyon and enjoy a splendid entertainment program on July 4th.

Congratulations are certainly due Deck Wells of the Wellington Leader for winning the Dallas News cup for publishing the best country newspaper in Texas during 1936. Last year Wells won the cup offered by the National Editorial Association. Winning prizes has become a habit with Deck and his able staff. His newspaper production at Wellington is certainly an inspiration to the newspaper fraternity of the Panhandle. More power to Deck Wells and The Wellington Leader.

Two splendid projects are proposed for Randall county. One is a large government dam on the Tierra Blanca, and the other a hard surfaced road from the highway west of Canyon north to the Amarillo Lake. The former project would take months of hard labor on the part of the Chamber of Commerce to convince the government that the project was a necessity. The latter might be worked out as a WPA project. Amarillo people have been asking for a hard surfaced road to the Lake. It would be much less expensive for the county to connect with No. 33 than it would to build from No. 9 west to the Lake.

Congress adjourned Saturday night. Business interests of the nation always feel much better after congress gets through and leaves Washington. Everyone knows that it takes lots of money to run this government, but nearly every one is hoping that congress will be able to place the burden on the shoulders of the other fellow.

Governor Landon was very desirous of having Senator Vandenberg as the candidate for vice

president. Landon's friends made a great plea that the Michigan senator accept the nomination. Vandenberg's reply was: "Tell Landon that I will run with him in 1936 if he will run with me in 1940." Vandenberg was too wise to be lead to the 1936 slaughter.

Amelia Earhart Putnam is the greatest woman flier in the world. She was asked to speak on the prohibition question. Without assuming the post of a reformer she told the convention the truth as regard the effects of alcohol upon those who would guide an airplane. If only those who drive cars would take Miss Earhart's advice there would be many less slaughters on the highways.

There are 170,400 gasoline filling stations in the nation, an average of one for every 150 cars. As you speed down the highway with the tank filled, you wonder how in thunder so many stations can live; but run out of gas and you wonder why the operators are so dumb as to not have built one at that exact spot.

Ochiltree county has the most unique situation in the state. There is not a single county or precinct officer with an opponent this year. The sheriff has served the county for 28 years, and several of the other officers have held office over several terms. Perhaps a similar situation will never be repeated in Texas.

Harvest will start in Randall county in a week or ten days unless rains interfere. Many farmers are more optimistic now over the prospects for wheat than they were two weeks ago. As has often been the case, the Panhandle will promise less and produce more than any place in the nation.

High living is said to have been the downfall of the supposedly unbeatable Joe Louis. The athlete who attempts to be a play boy under the bright lights soon finds himself in the ash can.

## HIGHLAND CLUB MET WITH MRS. McDADE

The Highland Home Demonstration Club met at the home of Mrs. W. W. McDade, Tuesday afternoon, June 16, with Mrs. Turner McDade acting as hostess.

A sponge cake and jelly roll demonstration was given by Miss Allie Dozier and reports were taken on the wardrobe work by Mrs. Nesselroad. Wardrobe demonstration plans were also discussed.

## CURTIS DOUGLASS DENIES RELATION TO SID O'KEEFE

The News has the following letter from Curtis Douglass in reply to a statement which appeared in last week's issue of The Canyon News:

I notice in a copy of The Canyon News for Thursday, June 18, 1936, you have an article wherein the following is set forth:

"Sid O'Keefe, uncle of Senator Small's opponent, made one of the most forceful talks, as he reviewed his relationship with the opponent. I am for Clint Small because I know both men and have been associated with Mr. Douglass as his partner."

I wish to advise you most emphatically that I resent your statement wherein you say that Sid O'Keefe is an uncle of mine. I am not related to Sid O'Keefe, and the only relationship that could be claimed would be that of my wife, being a niece of his wife.

I suggest also, if you want the public to know the facts in this matter, that you show that Mr. O'Keefe is the lawyer for one of the giant utility companies in this state which is attempting to defeat me in my race for the office of State Senator.

I insist that you publish this letter, correcting the mis-statement you have made.

Yours very truly,  
CURTIS DOUGLASS.

## Henry Bishop for District Attorney

HENRY S. BISHOP

To the people of Randall County, Texas:

On February 7th, in brief newspaper political advertisements, I announced as a candidate for district attorney, and have worked continuously at my campaign. My platform, as then stated, is: Diligent, impartial administration of the law, as economically as practically possible.

This office, anywhere, especially in a district like ours, including, as it does, a city of fifty thousand population, where the law is violated more and is probably more difficult to enforce than elsewhere, is of first importance to all the people of each county in it. I hope you may believe me qualified for the duties of it because of my former service and experience as district attorney and district judge. I would like now, as district attorney, to help the other officers and the jurors to put some sharper teeth into the criminal law, by more adequate enforcement of it, so that your rights of life, liberty and property may be better secured and protected, and so that the law may command more respect than it does, and particularly more respect from the wilful criminals who continually violate it. This program requires effort and hard work, which I am able to give and will give if elected.

I earnestly solicit your support and hope to see you personally before the election on July 25th.

HENRY S. BISHOP.

### MISS CLEO HEATH AND WM. H. BRIAN WED

Before a beautiful improvised altar of garden flowers in pastel shades and baby breath, Miss Cleo Edith Heath became the bride of Mr. William H. Brian, Sunday, June 21, at 8 o'clock. The impressive ceremony, beautiful in its simplicity, was solemnized at the home of the bride's parents, Mr. and Mrs. G. B. Heath of this city. Rev. J. R. Hicks, pastor of the First Baptist Church, officiated in the presence of relatives and a few close friends.

The bride was dressed in pink net over satin with a pink off-the-face hat. She wore a corsage of Briarcliff roses and lilies of the valley.

The bride's mother wore a dress of orchid print with a corsage of sweet peas. The groom's mother wore white, with a gardenia corsage.

Immediately following the ceremony the bride donned a fitted sports suit of black and white with accessories to match, and the couple left for a two weeks' motor trip through New Mexico, Colorado, Yellowstone National Park and other points of interest.

Mrs. Brian is a graduate of Canyon High School and received her B. A. degree from West Texas State Teachers College in the June graduating class. She was a home economics major and a member of the Kappa Omicron Phi, the national honorary society for home economics majors, and president of the Home Ec. Club.

The groom is the son of Mrs. P. K. Brian and the late P. K. Brian, pioneer stockman and rancher of Armstrong and Moore counties. Mr. Brian is a graduate of Canyon High School and West Texas State Teachers College. While in school here he was a

member of the Press Club, president of the International Relations Club and Cousins Literary Society. He later attended Texas University where he did three years work on his law degree.

At present Mr. Brian is the acting administrator of his father's estate.

### DICKINSONS CELEBRATE THIRTIETH ANNIVERSARY

Mr. and Mrs. J. E. Dickinson were honored with a surprise party Friday night, celebrating their thirtieth wedding anniversary. "42" and bridge were played.

Refreshments of sandwiches, cookies, punch and mints were served to the following: Mr. and Mrs. L. T. Campbell and daughters, Mr. and Mrs. A. M. Olson, Mr. and Mrs. Wilson Campbell and son, Mr. and Mrs. Albert Byars and daughters, Mr. and Mrs. Ralph Jones, Mr. and Mrs. L. J. Fulton, Mr. and Mrs. Bert Nichols, Mr. and Mrs. H. W. Burrows and son, Mr. and Mrs. A. J. Armstrong of Amarillo, the host and hostess, and Bonnie Dickinson.

### MRS. FRED MYE HAS BLUEBONNET CLUB

Mrs. Fred Mye was a very delightful hostess to members of the Bluebonnet Needle Club who met at her home Friday afternoon.

Garden flowers were used in the entertaining rooms for decoration. Mrs. J. D. Barker was honored on the event of her birthday and was presented a gift from the club.

After several hours of needle work a dessert course was served to Mrs. J. D. Barker, Mrs. R. E. Ball, Mrs. Aubrey Fox, Mrs. Guy Cole, and Mrs. Levi Cole.

It's summer when your friends greet you with: "Is it hot enough today for you?"

On Dec. 1, 1915 Ramon Ceruantez was born to Mr. and Mrs. Gertrude Ceruantez, Mexican, in a small Santa Fe section house west of the tracks. This certificate was received at the City Hall for registration on May 12, 1936, after the individual had difficulty in getting his pass-port to Mexico fixed up. The father is now living in Amarillo and made affidavit of the son's birth.

This stresses the importance of having the birth certificates recorded as soon after birth as is convenient for the attending physician.

Mr. and Mrs. Leroy Shorten and children of Boyd, Montana, and Mrs. Raymond Miller of Billings, Montana, are visiting in the P. V. Winstead, Carl Laughery and Ed Phillips homes. They are grand daughters of Mrs. W. E. Laughery.

## Where Democrats Met to Renominate Roosevelt

Eyes of the nation focused on this mammoth auditorium, Philadelphia's Convention Hall, as the curtain rose on the Democrats' big show, featuring the renomination of President Roosevelt. Hardly a stone's throw from Franklin Field, where Roosevelt and Vice President Garner were to make their speeches of acceptance, the hall likewise is situated near the downtown section of the Quaker City.

## Nations Could Run Japs Out of China Believes Pierle

Dr. C. A. Pierle believes that the United States, England and France, action separated, or in combination could bluff Japan out of China. Dr. Pierle spent several years as a teacher in China, and his sympathy is with that nation as the Japs continue taking Chinese territory. The United States has less interest than these other nations, and has no interest in threatening a war with Japan.

Dr. Pierle traced the methods of Japan in acquiring territory, which they claimed to have learned from England and France. Traders are sent in advance into the territory they wish to take over. A dispute is started under any sort of pretext with the Chinese, and troops come in to protect their international. This was the method used in Korea, Manchuria, and is now used in China. The Japs are moving into the five northern provinces of China.

These invasions mean the upbuilding of business, improvement of factories, roads, etc. The Chinese realize they cannot stop the progress of the Japs, and are content to let them come in, do this

improvement with the hope that in later years they may strike back against the Japs and send them home.

The present threat of civil war in southern China is organized by the young Chinese for the purpose of stirring up patriotism in the nation.

Dr. Pierle states that Japan is controlled by the militarists. The older statesmen who are charged with the responsibility of raising funds are opposed to the present program, and object to the increase of taxes in the nation.

Wes Kleinschmidt was in charge of the program and introduced the speaker.

Visitors present were: Dorsey Smith, C. W. Rogers, Bill Riddle, of Amarillo; S. E. Ross of San Benito; J. W. Shanklin of Houston.

Gene McCullough of Seagraves; Pete Pearson of Lubbock; Mrs. Harlan of Oklahoma, who was the guest of her father, Grady Persons.

## Play Top Roles at Philadelphia

These men figured prominently as the nation's outstanding Democrats converged on Philadelphia for the party's national convention. Main business of the convence was the renomination of President Franklin D. Roosevelt, and Vice President John N. Garner, left and right at top. A keynote speech by Senator Alben W. Barkley of Kentucky followed opening of the convention by Postmaster General James A. Farley, chairman of the national committee. Senator Joseph T. Robinson of Arkansas was elected permanent chairman, while Senator Robert Wagner of New York, as head of the resolutions committee, began directing the important task of framing the party's platform. Farley, Barkley, Robinson, and Wagner are shown left to right.

## Rudy Vallee Will Show in Amarillo Monday, June 29

For his first personal appearance in Texas the "Vagabond Lover" is coming to Amarillo next Monday, June 29.

So it will be "heigh-ho" for music lovers and dancers at the municipal auditorium and at The Nat, Amarillo's dance palace.

Rudy Vallee and his orchestra were booked for a concert and dance by the Tri-State Fair to carry out a long-considered plan by the late Wilbur C. Hawk.

For his Amarillo engagement the celebrated crooner is bringing his full band, including six beautiful girls, the Stewart Sisters, the Three Graces and Judy Starr.

Three special cars, including a baggage coach for instruments and other equipment are required to transport the nation's No. 1 dance and night club band.

Incidentally there is a Texan with the orchestra—Red Stanley, who comes from Waco.

Reservations for the concert, which will begin at 8 o'clock next Monday night, are coming from every section of the Southwest. Miss Lois Black at The News-Globe has charge of advance orders, which may be made by mail or telephone. There are four prices for the concert—40 cents, 85 cents, \$1.10 and \$1.65.

Admission to the dance, which will begin at 10 o'clock, will be \$2.20 a person. Night club reservations at The Nat may be made by calling the dance palace.

News of Vallee's engagement in Amarillo has created a sensation among radio and dance fans and officials of The Tri-State Fair anticipate the largest crowds ever at both the concert and dance.

## Returning Home in Triumph

Snapped at Chicago en route to his home in Topeka, Kan., John D. M. Hamilton, new chairman of the Republican national committee, apparently was optimistic about G. O. P. prospects in the coming campaign. In Topeka, Hamilton conferred with Gov. Alf M. Landon, whom he successfully managed to the Republican presidential nomination in Cleveland.

Finland is the only country which did not default on its war debt to the U. S., which may be why the good old American five spot is sometimes called a "fin."

Mercaptan is said to be the vilest smelling compound that man has ever invented, being even worse than political cigars.

Isn't it about time for some scientist to tell us that the sand in spinach is good for our teeth?

Never mind those good resolutions. It is better to live up to them without making them.

A pessimist is very often a man who can't collect the five dollars he once loaned to an optimist.

A wealth of imagination is a fine thing. The only drawback is that it won't pay your bills.

Not all diplomats are foreign. The home grown variety are those who laugh at their friends' jokes.

Remember that if it's as good as he pictures it, the get-rich-quick salesman would not be peddling it.

# PEACE-TIME PATRIOTISM INDIVIDUAL, COMMUNITY, NATIONAL PROSPERITY

We hear a lot about the general prosperity of the nation.

But the first step toward national prosperity is community prosperity, and this is made possible largely through co-operation among its residents.

Every citizen should strive to do his bit toward making the community a better place in which to live. Our community pride and progress will not only benefit the country as a whole, but will give us, as individuals, a greater measure of comfort and happiness, which is the goal of human existence.

It has been pointed out by well known civic authorities that

communities are not built through mass effort, but through the combination of individual efforts—and co-operation.

To benefit our community, we must put forth our very best individual efforts every day in the year. Successful and faithful individuals make a prosperous community.

Next to love of home and family should come love of community, state, and nation. In time of war we call love of country patriotism—in peace it is none the less.

Citizens of Randall County are invited to the Fourth of July Celebration to be held in Canyon on July 4th.

We Are Prompted to Sponsor This Message to the People of Canyon and Vicinity Through Our Interest in Community Welfare.

## Student Cottages To Be Finished For Fall Session

### Frame Construction Used With Stucco Finish

Ten cottages will be finished and ready for occupancy by married students, or mature and responsible students not requiring supervision, at the beginning of the regular session in September.

The cottages are of frame construction with a stucco finish and are built in the Spanish style of architecture. Each building contains four rooms; three bedrooms and a kitchen and dining room combined. They were designed to accommodate six persons.

Rooms in the cottages will be furnished with beds, springs, dressers, tables, and chairs. Kitchen equipment will be furnished with the exception of cooking vessels. Utilities will be provided at an exceptionally low rate.

en equipment will be furnished with the exception of cooking vessels. Utilities will be provided at an exceptionally low rate.

Varied color effects will be worked out for the exterior of each cottage. The space between the walks and drives will be planted in desert shrubs of various kinds and large rocks will be placed at intervals among the buildings to produce a distinctive atmosphere. Plans for beautification of the site include the planting of trees to form a background for the group of cottages.

The project is being completed by C. S. Lambie Construction Co., Amarillo, at a cost of approximately \$45,000. The same company was in charge of the construction of the addition to Cousins Hall, recently completed.

with this **COOLER** summer gasoline

Before the scorching sun turns your engine into a gas-eater... here is the simple, easy way to avoid overheating, knocking, and lost power.

Just fill the tank with Phillips 66 Poly Gas. That "conditions" your motor. Gives you first-hand proof of the hot weather benefits of this 100% custom-tailored gasoline.

It's the greatest summer motor fuel that Phillips has ever offered... because it is enriched with extra energy units by the scientific POLYmerization process... and accurately matched to your climate, besides!

Phillips 66 Poly Gas actually anti-

pates the changes in your weather. Every gallon you buy is a *localized* gasoline, engineered to your temperature requirements as determined by U. S. Weather Bureau standards.

It is not merely a summer gasoline; this month it is actually a June gas. Next month it will be a July gas. As different every month as the weather differs from month to month.

Try a tankful of this cooler, finer, summer gasoline. You get sweeter running. You get extra power and added flexibility. You get increased mileage. And a real bargain, too, because you can *Phill-up* with Phillips at no additional cost.

## Phill-up with Phillips for Greater Mileage

**SPEED** and flexibility are brought to the row-crop farm by the Farmall Tractor. It is so far ahead of horses when it comes to planting, cultivating, and doing other row-crop and general farming work that there is no comparison. And most important of all, Farmall farming means lower-cost farming.

Until you own and operate a Farmall you cannot appreciate the benefits and advantages of it. But just ask any Farmall owner about it. He is the man who is enthusiastic about the Farmall. He *knows*. He has farmed with horses and with the Farmall and you can bet that he isn't going back to horses.

If you want a real demonstration of the Farmall, call us up and we will arrange one for you. We'll show you how much easier it is to farm with a Farmall and why you cannot afford to be without one. There are three sizes—to fit the needs of any farm.

## Dress Contest Held By Club Women: Fin- ish Wardrobe Work

Women of Randall County held their third annual dress contest last Thursday at the College, under the supervision of Miss Allie Dozier, county home agent. All of the clubs have finished their wardrobe work and achievement days will be held at each club. The schedule for the coming week will be found on another page in this paper.

Mrs. W. A. Warren, Miss Orpa Dennis and Miss Mary Sutton, home agent for Potter county, acted as judges for the contests.

The 11 demonstrators showing were judged on: record book and reports complete 30%; Narrative of work 20%; picture of closet 10%; foundation pattern 10%; slip 10% and dress 20%. Winners of this group were Mrs. R. B. Gist of Sunny Hill Club, first; Mrs. E. A. Michael, Zity Club, second; and Mrs. G. H. Fowler, Garrison Club, third.

There were 50 contestants entered in the co-operators group. These were divided into two classes of Stouts and Slenders with each

of these two classified in the sheer and non-sheer material groups.

Of the 12 women entered in the Slender, non-sheer material class, Miss Lorene Smith of Tierra Blanca Club won first; Mrs. Lee Jennings of Sunny Hill, second; and Mrs. Gordon-Cummings, Westside, third.

Five were in the Stout, non-sheer material class. Mrs. W. L. Ament, Westside, won first place; Mrs. John Moody, Zita, second; and Mrs. John Hunter, Westside, third place.

Twenty women entered the Slender, sheer material group. Mrs. Wm. Ash, Westside Club placed first; Miss Kitty Burrus, Westside, second; and Mrs. Pat Baber, Westside, third.

In the Stout, sheer material group were 13 entries. The three winners were Mrs. W. C. Roberts, Westside Club, first; Mrs. J. E. Dickerson, Lakeside Club, second; Mrs. Carl Fuqua, Highland Club, third.

There were approximately 150 members and guests who attended during the day.

## Only Few Days Are Remaining to Make Saving on Taxes

June 30th is the dead line for making payment of 1935 delinquent taxes at a considerable saving. Many property owners are taking advantage of the law which provides for this saving and have made their payments before the penalty and interest increases.

The last half of split taxes must be paid by June 30th or penalties are added.

Penalties, interest and costs will go up on 1935 taxes which have not been paid by that date.

Mrs. Donald Trolinger returned Friday from Temple where she has been for two weeks for medical treatment. She was accompanied by Mrs. C. E. Trolinger of Amarillo.

## Many Local People Heard Hopkins In Address Saturday

Harry Hopkins, head of WPA, was heard by 73 people who gathered at the district court room Saturday afternoon.

Mr. Hopkins spoke from Washington discussing with WPA workers and friends the new set up which becomes effective the first of July.

The meeting was conducted by F. G. Harrison, C. R. Flesher and Mrs. Ruth Campbell, project superintendents of Randall county.

## Rodeo Added

(Continued from page one) program as worked out will be filled with interesting features throughout the day. He urges that the people of Randall county come to Canyon and spend a pleasant and profitable day.

A big tank of ice water will be on the court house lawn throughout the day. The shade on the lawn is fine, and people will enjoy the cool breezes under the trees.

Irby Carruth has been made general chairman for the activities of the day.

The following program has been adopted, subject to change if features should be added during the week:

9:30 a. m. Concert by public school band.

10:30 a. m. Games and races on the public square, in charge of Wes Kleinschmidt.

12:00. Lunch on court house lawn. All citizens are invited to bring their basket dinners.

1:30 p. m. Band concert.

2:00 p. m. Old car parade, conducted by A. C. Donnell.

3:00 p. m. Distribution of cash by the Chamber of Commerce.

3:30 p. m. Political speeches. Clyde Warwick will introduce the speakers. A loud speaking equipment has been secured for the af-

## Clint Small Opens Campaign Saturday Afternoon Spearman

Clint Small described himself as a "country lawyer" in his opening campaign speech at Spearman last Saturday and frankly stated that he is desirous of serving the 31st Senatorial District again. It marked the opening of his third campaign for election to the Texas Senate.

Small outlined a plan by which he proposes to pay old age assistance and said his bill would have provided money for pensions at the last session of the Legislature if the House had not permitted it to die in the closing minutes.

He reviewed his eight years in the Senate and referred to himself as a "working senator."

"It has been charged that I missed a roll call," he announced. "Well, you want a man that works, don't you? I wasn't loafing while the Senate considered non-contested bills. I was out behind the

ternoon, and all candidates are urged to be present, or to have representatives present. Precinct, county, district and state candidates will be given an opportunity to speak.

6:30 p. m. Softball games. Delbert Lowes will have a strong out-of-town team to meet a picked Canyon team.

8:00 p. m. Band concert.

8:30 p. m. Rodeo at Buffalo park.

The Boy Scouts will assist in handling the program during the day, and will have a stand on the court house lawn.

Those who wish to enter attractions for the day are asked to confer with Mr. Warren at once.

Mr. Myrick states that he has the best talent he has ever shown, and has the best line of stock for these contests. He is personally putting up the prize money for these events.

scenes writing a tax bill, a liquor bill, a soil erosion bill, a gas conservation bill and a pension bill."

He denied charges that he has represented corporations to the detriment of people in his own district.

"I am just a country lawyer," he declared, "and if I had all the money that corporations have paid me in the last 25 years, I wouldn't have \$500. Making a living has been a pretty hard job for me, too, and I need the money."

The Senator, who plans an intensive campaign of every county in the district, was introduced by County Judge J. H. Broadhurst, of Spearman. He spoke to an audience that overflowed the Lyric Theater. A loud speaker carried his address to scores outside the building.

He reminded his North Plains audience of his legislation which created the soil erosion districts, the measure which returns the four-cent gasoline tax to farmers for fuel used for farm purposes and his bill by which the gasoline tax is allocated to highways, education and country road bonds.

then the state office in San Antonio, and finally be approved in Washington. Much more complete details are required for new projects than have been required on projects in the past.

T. M. Moore is working up a new project for the College Farm. This is a dining room and recreation hall. By eliminating the dining facilities in each of the houses at the farm and building this central room, more boys can be cared for, and Mr. Moore believes that they may be fed more economically.

The large dining room would be built of stone, and there is plenty of native material on the farm to do this work. The farm is one of the unique and attractive departments of W. T. and provides work for many boys each year. Among the improvements made at the farm the past year has been the installation of electric lights, and a central water system.

The public school trustees are working on the various projects which will be submitted to improve the school plant. These include the hard surfacing of streets around the building, rock wall around the grounds, painting, roof repair, and completing the gymnasium in the grade school.

Another project is being investigated—building a hard surfaced road from highway 33 west of Canyon, north to Amarillo Lake, which is seven miles northwest of Canyon in the Palo Duro. There is no hard surfaced road leading to the lake. More people are going to the lake than to any other recreation center in Randall county at the present time. Connection with No. 33 west of Canyon would be the least expensive road that could be built in the county.
